

I am grateful to have the opportunity to introduce myself to the greater St. Bonaventure's College community. I originally hail from Toronto, where I attended Loretto Abbey of Toronto Catholic High School. While most of my scholastic years were spent in Toronto, my family and I passed entire summers in St. John's visiting grandparents and extended family.

I earned a BSc from the University of Western Ontario and from there moved to St. John's in order to assist my parents with a family owned and operated business that they were in the process of starting. As the VP of Operations and Development I generated over \$35 million dollars in sales and responsible for over \$2 million in project development. My initial plan was to remain here for two years: that was in 1998. Fourteen years later, I am happy to say that I have decided to remain in Newfoundland.

In 2008, the business was retired, and my husband and I decided that I would stay home with our daughter. She first attended St. Bonaventure's College in 2009 and is now in Grade 6. I have become involved in the school community in a variety of capacities, serving two years on the Fall Gala and Auction Committee, two years on the President's Dinner Committee, three years on the Parents' Auxiliary and 3 years of assisting with lunches, tying skate laces and accompanying on field trips.

I now feel that I am ready to serve our school, students and parents on a different level and am looking forward to the challenges that await me as a member of the Board of Governors and as a member of the St. Bonaventure's community
