

Kendra Wright

Originally from Charlottetown, PEI, I am a graduate of Universite Laval and the University of Ottawa Law School. I am employed as a solicitor with the Department of Justice, Government of Newfoundland and Labrador.

My husband David and I have two sons, Owen and Elliot, who are in grade 6 and grade 3 respectively. Our children could not be happier attending St. Bonaventure's College. It is a true testament to the school, the faculty and the school community that our students race into and out of the school everyday smiling, enthusiastic, and ready to "bring their best".

In choosing St. Bonaventure's College, we were drawn to its education program, encouragement of individual growth, extra-curricular activities and sports, and commitment to community service. I am fortunate to be a part of this school community. As a Board member, my goal is to encourage and support our students and faculty to reach their highest potential, develop responsibility, discipline and cooperation through the curriculum, activities and sports.
